Concord, N. H. February 8, 1915.

To the Selectmen:

We suggest that you cause the following extract from the report of the Tax Commission for 1914 to be printed in your town report this spring. It may tend to economy in town appropriations.

Very truly

STATE TAX COMMISSION,

By W. B. Fellows, Secretary.

REPORT STATE TAX COMMISSION 1914.

Increase in Public Expenditures.

No power has constituted the members of the tax commission guardians of the public in respect to expenditures for the support of government, and they have no disposition to assume that role. Nevertheless, "economy being a most essential virtue in all states," and it being "the duty of legislatures and magistrates * * * to countenance and inculcate the principles of * * * economy," all as set forth in the constitution of this state, the commissioners believe themselves to be amply justified in urging, as they have so often urged before, the importance of this subject upon the voters of the state. The public revenue, state and municipal, is the voters' business and they are responsible, directly or indirectly, for every extravagance affecting it from the inception to the termination of the fund.

Every compulsory contribution levied by public authority upon people or property is in the broad sense of the term a tax, nor is it made less obnoxious or burdensome if called a fee or a fine. In the figures that follow therefore, all fees, fines, and other exactions, if any, are included with the taxes upon polls and estates. To illustrate the comparative importance of the two classes, it may be said that the taxes upon polls and estates represent about 95 per cent. and all other income about 5 per cent. of the total revenue of the state, and of the counties, cities, towns, districts and precincts therein.

Taxes as defined above have increased by leaps and bounds in recent years. In 1903 the sum of all the taxes

assessed by and within the state of New Hampshire was \$5,373,420.22; in 1913 it was \$8,765,039.07, an increase of \$3,391,618.85, or 63 per cent., in ten years. But these figures do not adequately represent the velocity the upward movement has now attained. To show that it is necessary to divide the ten-year period: The levy in 1908 was \$924,388.79, or 17 per cent greater than in 1903, while that in 1913 was \$2,467,230.06, or 39 per cent greater than in 1908. By so much did the advance in the last half of said period exceed that in the first half. These figures will be the more alarming if it is remembered that while taxes already sufficiently heavy were advancing 63 per cent, the population of the state increased only about $4\frac{1}{2}$ per cent, and while the one was advancing 39 per cent, the other increased only about $2\frac{1}{4}$ per cent.

It is instructive to study the subject from another angle. In the ten years from 1904 to 1914, both inclusive, the annual increase in all taxes defined and limited as above was as follows:

1904	\$ 34,459 91
.. 1905	286,590 14
1906	115,468 39
1907	411,257 46
1908	76,612 89
1909	539,995 97
1910	787,565 31
1911	215,848 50
1912	296,216 85
1913	627,603 43

The average yearly increase for the whole period was \$336,561.85. The upward trend is more plainly shown, however, by dividing, as before, the ten-year period in the middle and considering the halves separately. For the first five years the average annual increase was \$184,877.76; for the last five years it was \$493,446.01. It is surely pertinent to consider how long the little state of New Hampshire, almost stationary in wealth, can sustain a tax already burdensome and increasing at the rate of practically half a million dollars a year without crippling her industries and impoverishing her people. Plainly it is a condition not calculated to attract capital from without the state or to encourage business within the same.

From the per capita standpoint the situation is not less disturbing. In 1903 there were assessed \$12.88 in taxes for each man woman and child in the state. Five years later there were assessed \$14.75 for each individual, and in five years more \$20.09. If in 1913 taxes had been equally distributed among all the people it would have meant a burden of \$100 for each family of five members. Though in reality there was little such equality in the assessment there was much in the payment. The fact is that those who occupy, use or consume property, no matter who owns it, are those who in the last analysis pay most, if not all, of the taxes thereon. If the wage earner or the man of limited means understood he was in reality paying something like \$100 a year in state and municipal and half as much more in federal taxes for the government of himself, his wife and three children his influence and his vote would more frequently make for economy in appropriations and expenditures than heretofore.

No statistics for the year 1914 appear in the above paragraphs for the reason that they are not yet at hand except in part.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Salisbury in the County of Merrimack, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday the ninth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

3. To see what sums of money the town will vote to raise and appropriate for repairs of its highways and bridges.

4. To see what sums of money the town will vote to raise and appropriate for permanent improvements of its highways under Chapter 35, Laws of 1905.

5. To see what sums of money the town will vote to raise and appropriate for its State road.

6. To see what sums of money the town will vote to raise and appropriate to build an extension of twenty feet on the southerly end of the Town House for a stage and finish the same. Given under our hands and seal this 19th day of February in the year of our Lord 1915.

LEANDER N. SAWYER,
BURON W. SANBORN,
THOMAS R. LITTLE,

Selectmen of Salisbury.

A true copy of Warrant—Attest.

LEANDER N. SAWYER,
BURON W. SANBORN,
THOMAS R. LITTLE,

Selectmen of Salisbury.

STATE OF NEW HAMPSHIRE.

Highway Department Statement.

Highway appropriation required in the Town of Salisbury.

For general repairs of highways and bridges \$825 13
(Chapter 29, Laws of 1899)

Each town shall annually raise and appropriate for the repairs of highways and bridges within such town a sum not less than one-fourth of one per cent., provided no town shall be required to raise more than \$50 per mile.

If the town does not vote to accept State Aid it must set aside as a permanent improvement fund \$330.

If State Aid is desired there must be raised and set aside the sum of \$165.

If State Aid is accepted and voted the State will appropriate \$297.

If the Town votes to apply for State Aid the joint fund will be as follows:

Town to raise	\$495 00
State to give	297 00

Total	\$792 00
-------	----------

Under the provision of the Motor Vehicle Law the State is able to assist in the maintenance of the roads under State Aid.

There is available from the amount appropriated last year, the following balances:

In the State treasury	\$33 30
In the Town treasury	16 28

The estimate for maintenance in our town for the year 1915 is	\$249 50
---	----------

If the Town will appropriate for such maintenance the sum of	100 00
The State will appropriate	100 00

This certifies that I have examined the account of the Collector of Taxes, and find the same correctly cast and properly vouched.

FRANK H. DUNLAP, Auditor.

SCHOOL REPORT.

To the parents and citizens of Salisbury:

The School Board present to you the following report.

We have had a year of successful schools in every particular. We endeavored to procure teachers who were competent to fill the positions assigned to them and they labored diligently for the welfare of their pupils, thus showing at the close that their time had been profitably spent. And now a few words to the parents in regard to the attendance of your children at school. The registers show great irregularity which should be remedied. It is very necessary that you see that your children attend school regularly. Do you realize that every day lost are golden moments that can never be recalled? Thus if you allow your children to stay at home they lose interest in school. Rather you should encourage them to be there promptly and in their places if possible.

At the beginning of the Spring term we decided to change the arithmetics, and we feel that it was for the good of the children in so doing, for not only do they derive greater benefit by a uniformity of text books; but by the cleanliness obtained thereby. Many more of our books are in a dilapidated condition and need to be remedied. We recommend that the School District vote us sufficient money that we may be able to make further changes.

Respectfully submitted,

NELLIE C. SANBORN,
LIZZIE B. SAWYER,
BEULAH E. TUTTLE,

School Board.

ROLL OF PERFECT ATTENDANCE.
